A message from Harry Hosack:

“It’s planned that we will cover the major changes in the 2012 IRC. We will only cover the residential changes. Additionally, and most likely first on the agenda, will be the administrative changes to the RAC (Review and Advisory Committee) and how the changes set forth in HB377 will effect the code adoption process in the future. Sort of bring them up to speed on the chain of events scheduled during the coming year.

However, (and this is the important part) it is impossible to give anything worth while in 20 minutes. I suspect we will need an **hour** to do this.”
